Dear Sirs,

I refer to your notification of 21st June and to the items circulated by email on that same date.

The item sent at 11.57 on 21st June states, inter alia, that:-

> *"Your representation will be sent to the Inspector. If you need to submit an additional representation as a consequence of the revised Schedule, the new representation will be sent to the inspector too."*

In the light of the foregoing I draw to the attention of both the EIP Inspector and your Council the considerations that;-

1. The essence of my Clients' case remains as set out in the representations submitted to your Council on 14th December, 2016, 10th August, 2017 and 9th January, 2018.

2. Representations arising from the *"Schedule of Proposed Additional Modifications, May 2018"* were submitted in the form of my email timed for 08.24 on 24th May.

   A copy of that email is forwarded herewith for ease of reference.

3. The terms and basis of the whole of the foregoing are hereby reiterated in the case of this current consultation.

Particularly given the matters highlighted during your Council's *"Melton Local Plan Consultation Event"* (held on 18th June) concerning housing deliverability, both my Clients and I remain at a loss to understand why your Council have not made the minor adjustment which we seek to housing allocation EAST1.

Given that it has already been established that there is no objection of principle to the residential redevelopment of my Clients' land hereabouts, then the adjustment being sought:-

a) Is minor, logical, appropriate and necessary to ensure that this Plan is positively prepared and effective.

b) Will fully and accurately reflect and record the availability of land for development.

c) Will make a positive contribution to the identified housing land requirement.

This further representation is being submitted substantially in advance of the 2nd August closing date. Nevertheless I shall be pleased if you will confirm:-

i) Safe receipt.
ii) That these further representations will be forwarded for the Inspector's consideration and determination.

I look forward to hearing from you.

With best regards.
