1.0 Introduction

- 1.1 The Basic Conditions Statement has been prepared to accompany the Gaddesby Neighbourhood Plan (“the Neighbourhood Plan”) under regulation 15 of the Neighbourhood Planning (General) Regulations 2012 (“the Regulations”).
- 1.2 In order to satisfy Regulation 15 of the Neighbourhood Planning (General) Regulations 2012, the Parish Council, as the ‘qualifying body’ must include a statement explaining how the proposed neighbourhood plan meets the requirements of paragraph 8 of Schedule 4B to the Town and Country Planning Act 1990 (as amended).
- 1.3 Paragraph 8 (1) states that the examiner must consider the following:
 - (a) whether the draft neighbourhood development plan meets the basic conditions (see sub-paragraph (2))
 - (b) whether the draft neighbourhood development plan complies with the provision made by or under sections 61E (2), 61J and 61L, as amended by s38C(5)(b)
 - (c) whether the area for any referendum should extend beyond the neighbourhood area to which the draft neighbourhood development plan relates and
 - (d) such other matters as may be prescribed.
- 1.4 Paragraph 8 (2) states that a draft neighbourhood development plan meets the basic conditions if:
 - (a) having regard to national policies and advice contained in guidance issued by the Secretary of State, it is appropriate to make the neighbourhood development plan
 - (b) the making of the neighbourhood development plan contributes to the achievement of sustainable development
 - (c) the making of the neighbourhood development plan is in general conformity with the strategic policies contained in the development plan for the area of the authority (or any part of that area)
 - (d) the making of the neighbourhood development plan does not breach, and is otherwise compatible with, EU obligations and
 - (e) prescribed conditions are met in relation to the neighbourhood development plan and prescribed matters have been complied with in connection with the proposal for the neighbourhood development plan.

1.5 Section 2 of this Statement sets out how the Neighbourhood Plan complies with the legal requirements of sub-paragraphs 1 (b), (c) and (d). Section 3 of this Statement sets out how the Neighbourhood Plan meets the basic conditions contained in sub-paragraph 1 (a) and sub-paragraph 2.

2.0 Legal Requirements

2.1 The Plan complies with the provisions of sub-paragraph 1(b) as described below.

The Plan is being submitted by a qualifying body

The Neighbourhood Plan has been submitted by Gaddesby Parish Council, which is a qualifying body and entitled to submit a Neighbourhood Plan for the designated Plan Area.

What is being proposed is a neighbourhood plan

2.2 The Neighbourhood Plan contains policies relating to the development and use of land within the Neighbourhood Plan area and has been prepared in accordance with the statutory requirements and processes set out in the Town and Country Planning Act 1990 (as amended by the Localism Act 2011) and the Neighbourhood Planning Regulations 2012.

The proposed Neighbourhood Plan states the period for which it is to have effect

2.3 The Neighbourhood Plan states that the period which it relates to is from 2019 until 2036. The period has been chosen to align with that of the Melton Local Plan which was adopted on 10 October 2018.

The policies do not relate to excluded development

2.4 The Neighbourhood Plan does not deal with county matters (mineral extraction and waste development), nationally significant infrastructure or any other matters set out in Section 61K of the Town and Country Planning Act 1990.

The proposed Neighbourhood Plan does not relate to more than one neighbourhood plan area and there are no other neighbourhood plans in place within the Neighbourhood Plan area.

2.5 The designated Plan area was approved by Melton Borough Council in November 2017. The Plan does not relate to more than one neighbourhood plan area. There are no other neighbourhood plans in place within the Neighbourhood Plan area.

2.6 In relation to sub-paragraph 1(c), it is not considered that there is any benefit or reason for extending the area for the referendum beyond the designated Neighbourhood Plan Area.

2.7 In relation to sub-paragraph 1(d), there are no other prescribed matters.

3.0 The Basic Conditions

3.1 This section addresses how the Neighbourhood Plan fulfils the basic conditions set out in sub-paragraph (2). The Neighbourhood Plan has been prepared having regard to national policies and advice set out in the National Planning Policy Framework (NPPF) and to the strategic policies contained in the Melton Local Plan 2018 - 2036.

3.2 The Neighbourhood Plan has been informed by the evidence base of the Melton Local Plan, which was Adopted on 10 October 2018.

Having regard to national policies and advice

3.3 The Neighbourhood Plan has been developed having regard to the NPPF amended in 2019. An explanation of how each of the Neighbourhood Plan policies have shown regard to the NPPF are outlined in table 1 below.

3.4 In broad terms the Plan:

- process has empowered the local community to develop the plan for their neighbourhood and has undertaken a creative and thorough exercise in identifying ways to enhance and improve the area.
- policies are based on robust evidence and provide a practical framework within which decisions on planning applications can be made, with a high degree of predictability and efficiency.
- seeks to deliver homes, businesses and infrastructure through windfall sites and employment policies.
- seeks to actively manage patterns of growth in the most sustainable locations through the designation of Limits to Development.
- supports local strategies to deliver sufficient community facilities and services, to meet local needs.
- contributes to conserving and enhancing the natural environment through the protection of Local Green Spaces and biodiversity.

General conformity with the strategic policies of the development plan for the area

- 3.5 The Neighbourhood Plan has been prepared in general conformity with the strategic policies of the Melton Local Plan 2018 - 2036.

- 3.6 The following table provides a summary of how each of the Neighbourhood Plan policies are in general conformity with the Strategic Policies of the Melton Local Plan 2018 - 2036.

Gaddesby Neighbourhood Plan policies		Regard to National Planning Policy	General Conformity with Melton Local Plan 2018 - 2036
Policy HBE1: Settlement Boundary	NPPF para 17, 23, 30, 55 & 95	One of the core principles of the NPPF is to recognise and protect the intrinsic character and beauty of the countryside. Actively managing patterns of growth, within the Limits to Development seeks to support existing services and facilities and protect the countryside and setting of the settlements. Further, Limits to Development facilitate the use of sustainable modes of transport with both benefits to the environment and the health of the community, both underlying premises of the NPPF.	The new Local Plan has removed settlement boundaries which were present in the previous Local Plan (policy OS1 includes 'Village Envelopes'). The Neighbourhood Plan satisfies the requirement of policy SS1 of a 'presumption in favour of sustainable development' and adds limits to development as a matter of local detail to help determine the most appropriate locations for development. Examinations in other LPA areas where the NP has retained Limits to Development and where the LPA has removed them have always recognised that the limits to development are a matter for local detail. See Saddington NP Examination which states in relation to a local plan removing the limits to development 'that it does not set boundaries does not automatically mean that neighbourhood plans may not'.
Policy HBE2: Housing Mix	50	The policy seeks to support a mix of housing that meets an identified need in the community. The NPPF advocates for inclusive and mixed communities, which will require a mix of housing types based on current and future demographic trends.	Policy C2 states the need to deliver a mix of house types, tenures and sizes taking into account updates of housing mix evidence. The NP seeks to ensure local need is met by supporting smaller dwellings in line with the Local plan policy C2. The preference of the Neighbourhood Plan for small scale windfall development is in general conformity with the Local Plan (Policy SS3) which seeks to restrict unallocated sites.
Policy HBE3: Windfall Development	48 & 55	The policy for small scale windfall sites has regard to the NPPF, by seeking to meet any future housing requirements for the area and maintain the vitality of the settlements, whilst protecting their character and setting. This is a positive policy for future housing provision given that this type of development has a proven track record in providing a good source of new housing over recent years in the Parish.	

Gaddesby Neighbourhood Plan policies	NPPF para	Regard to National Planning Policy	General Conformity with Melton Local Plan 2018 - 2036
Policy HBE4: Affordable Housing	61, 62, 63, 64	This policy supports the provision of affordable housing and includes a policy prioritising allocation to local residents. This policy is consistent with the NPPF which outlines the need to widen opportunities for home ownership and create inclusive and mixed communities through amongst other things, supporting affordable housing where there is an identified need.	Policy HBE4 is in general conformity with Local Plan policy C4 which sets targets for affordable housing and establishes the need for an appropriate mix of housing.
Policy HBE5: New Housing Design	42, 58 & 60	The policy outlines several design principles and supports the NPPF principle of requiring good design; and the need to respond to local character and history of the local surroundings. Importantly the policy does not impose architectural styles and hence does not stifle an innovative approach.	The Local Plan vision promotes good design. NP policy HBE5 adds local detail to Local Plan policies EN6 and D1.
HBE6: Use of Street Lighting	125	The policy has regard to the NPPF principle of conserving and enhancing the natural environment through design principles that seek to limit the impact of light pollution and artificial light.	Local Plan policy Env1 requires new development to avoid adverse effects on areas of tranquility, including those benefiting from dark skies.
Policy ENV1: Protection of Local Green Space	76 & 77	Protection of Local Green Spaces identified as being special by the community is advocated through the NPPF. Proposed designations meet the criteria set out in the NPPF.	The principles underpinning the protection of Local Green Spaces are in general conformity to the Local Plan's identification and conservation of 'Protected Open Areas' and conservation and enhancement of the environment (Policies EN1 and EN4)
Policy ENV 2: Protection of sites and features of Environmental Significance	109 & 135	These policies seek to protect other open space with environmental value on account of their natural and/or historical features. This has regard to the NPPF principles conserving and enhancing the natural and historic environment. It takes into account the designation hierarchy and the protection is commensurate with their status.	The Local Plan seeks to protect sites of ecological and geological importance (policy EN2) and encourages the management of land for nature conservation.
Policy ENV 5: Local Landscape Character Area			The Neighbourhood Plan in identifying locally significant sites for protection, adds further detail and value at the neighbourhood level and is in general conformity with the overarching principles contained in chapter 7 'Melton Borough's Environment – Protected and Enhanced'

Policy ENV 3: Non-Designated Heritage Assets	<p>NPPF para 17 & 135</p> <p>This policy recognises Gaddesby's historic character as one of its most important assets and seeks to protect and enhance it. It has regard to the NPPF with regards to identifying non-designated heritage assets for protection. The policy supports the protection of heritage assets and their setting, a core principle of the NPPF.</p>	<p>Policy ENV 3 is in general conformity with Local Plan policy EN13 which states that 'the Council will take a positive approach to the conservation of heritage assets and the wider historic environment'.</p>
Policy ENV 4: Ridge and Furrow	<p>139</p> <p>This policy seeks to protect ridge and furrow fields and has regard for the NPPF, which considers that non-designated heritage assets of archaeological interest, of equivalent significance to scheduled monuments should be subject to the policies for designated heritage assets.</p>	<p>Policy ENV4 is in general conformity with the Local Plan which seeks to conserve the natural beauty and amenity of the countryside Vision – p 16). The policy also has regard for recent studies undertaken by the Borough Council (Areas of Separation, Settlement Fringe and Local Green Space Study 2015) to support the Local Plan, which recommends the conservation, enhancement and interpretation of ridge and furrow.</p>
Policy ENV 6: Biodiversity, Field Ponds, Woodlands and Habitat Connectivity	<p>109 & 117</p> <p>This policy seeks to protect and enhance local biodiversity features and habitats. The policy has regard to the NPPF, which states that the planning system should contribute to enhancing the natural and local environment by minimizing impacts on biodiversity and providing net gains where possible.</p>	<p>Protection and enhancement of designated and non-designated ecological sites suitably conforms with the strategic policies of the local plan and in particular, EN2 which outlines that 'the Borough Council will seek to achieve net gains for nature and proactively seek habitat creation as part of new development proposals. It will protect and enhance biodiversity, ecological networks and geological conservation interests throughout the Borough and beyond its boundaries ...'</p>
Policy ENV 7: Protection of Important Views	<p>Para. 109</p> <p>The policy seeks to protect views identified as being significant to the community. In accordance with the NPPF, the planning system should contribute to and where possible; enhance the landscape. Views are a key component of the landscape</p>	<p>Local Plan policy EN1 supports the protection of the character and appearance of the rural landscape including the recognition of 'important views, approaches and settings'. Important views are an important element of the character of the landscape and thus their identification and protection is consistent with the aims of the Local Plan.</p>

Policy CA1: The Retention of Community Assets	Para. 28 & 70	Para. 28 & 70	This policy seeks to protect key community facilities. This has regard for the NPPF principle of promoting healthy communities through amongst other things, planning positively for community facilities and guarding against their unnecessary loss.	Policy CA 1 is in general conformity with Local Plan policy C7 which supports proposals to protect community facilities. The Neighbourhood Plan provides further detail, by identifying those community facilities that are important to the local community.
Policy C1: Broadband	Para. 42 & 43	Para. 42 & 43	The NPPF advocates planning that supports high quality communications infrastructure.	Local Plan policy IN4 supports superfast broadband.
Policy T1 Traffic Management	30 & 95	30 & 95	The policy seeks to manage potential traffic issues arising from development and has regard for 'promoting sustainable transport' and supporting reductions in greenhouse gas emissions.	Local Plan policy IN2 supports the traffic management proposals contained in the Neighbourhood Plan policy T1
Policy T2: Electric Vehicles	105, 110	105, 110	The NPPF supports the need to ensure an adequate provision of spaces for charging plug-in and other ultra-low emission vehicles and that applications for development are designed to enable charging of plug-in and other ultra-low emission vehicles in safe, accessible and convenient locations.	This policy is in general conformity with Local Plan policies EN9 and EN10 which address issues concerning energy efficiency/low carbon development and energy generation from renewable and low carbon sources
Policy BE1: Support for Existing Business and Employment Opportunities	9, 28 & 37	9, 28 & 37	The policy supports new employment opportunities through small scale employment premises. 'Making it easier for jobs to be created in cities, towns and villages' is a key element in the pursuance of sustainable development as outlined in the NPPF. The policy aims to support a prosperous rural economy, to grow and where possible, diversify the local economy.	Supporting additional employment development on the premise that is within existing buildings, on areas of previously developed land or within the limits to development is in general conformity with Local Plan policy EC2 which sets the conditions by which economic development in rural communities is achieved.
Policy BE2: Support for New Businesses and Employment	9, 28 & 37	9, 28 & 37	The policy supports new employment opportunities through small scale employment premises. 'Making it easier for jobs to be created in cities, towns and villages' is a key element in the pursuance of sustainable development as outlined in the NPPF. Policy BE3: Home Working	NPPF para 28 & 29	This policy supports the use of part of a dwelling for office or light industrial use in order to facilitate working from home. Working from home further supports employment activities; thus, contributing to a prosperous rural economy. It also supports the transition to a low carbon future by reducing the dependency of the car for journeys to employment sites outside of the Parish.	The growing trend for home working is highlighted on page 10 of the Local Plan. The policy BE3 supports this growing trend.
Policy BE4: Tourism	Para 21&28	The policy in supporting development proposals for tourism and leisure facilities recognises the role that the area can play in 'building a strong, competitive economy' and 'supporting a prosperous rural economy' through sustainable rural tourism and leisure developments.'	Local Plan policy EC2 promotes small-scale tourism proposals in appropriate circumstances whilst policy EC8 specifically identifies the circumstances in which sustainable tourism will be supported.
Policy BE5: Farm Diversification	17 & 28	Re-use of agricultural buildings for small businesses, recreation or tourism further support a prosperous rural economy and the transition to a low carbon future by encouraging the use of existing resources.	Local Plan policy EC2 promotes the re-use of farm buildings and farm diversification more generally.

Achieving sustainable development

- 3.7 The Neighbourhood Plan is positively prepared, reflecting the presumption in the NPPF in favour of sustainable development. In this regard, the Plan supports the strategic development needs in the emerging Local Plan, shaping and directing development in the area that is outside of the strategic elements of the Local Plan.
- 3.8 The NPPF defines sustainable development as having three dimensions; economic, social and environmental. The Neighbourhood Plan has been developed with regard to these principles and has jointly sought environmental, economic and social gains.
- 3.9 The policies contained in the Neighbourhood Plan contribute to achieving sustainable development by seeking positive improvements to the quality of the natural, built and historic environment, as well as in people's quality of life, including:
- supporting strong, vibrant, healthy and inclusive communities by facilitating the right mix of housing (including affordable housing) to meet local need
 - supporting the transition to a low carbon future through actively managing patterns of growth within existing settlements, supporting sustainable modes of transport, renewable energy generation and local employment opportunities.
 - protecting and enhancing the distinctive character of the built and natural environment through high quality design, protection of important open green space and protection of important views.
 - conserving and enhancing the natural environment by protecting and supporting a net gain in biodiversity and important habitats.
 - supporting a strong economy through the protection of existing employment sites, support for new businesses including home working and encouragement of superfast broadband.
 - safeguarding and enhancing existing open space, community facilities for the health, social and cultural wellbeing of the community.

EU obligations

Strategic Environmental Assessment (SEA)

3.10 In some limited circumstances, where a neighbourhood plan could have significant environmental effects, it may require a Strategic Environmental Assessment under the relevant EU Directive. DCLG planning guidance suggests that, whether a neighbourhood plan requires a strategic environmental assessment and (if so) the level of detail needed, will depend on what is proposed in the draft neighbourhood plan. A strategic environmental assessment may be required, for example, where:

- a neighbourhood plan allocates sites for development;
- the neighbourhood area contains sensitive natural or heritage assets that may be affected by the proposals in the plan;
- the neighbourhood plan may have significant environmental effects that have not already been considered and dealt with through a sustainability appraisal of the Local Plan.

3.11 A Screening opinion was issued by Melton Borough Council with which determined that a full SEA would not be required. The statutory consultees concurred with this conclusion.

Habitats Directive

3.12 Melton Borough Council undertook a Habitat Regulation Assessment (HRA) screening of the Neighbourhood Plan and concluded that an HRA was not required. The statutory consultees concurred with this conclusion.

Convention on Human Rights

3.13 The Neighbourhood Plan has regard to and is compatible with the fundamental rights and freedoms guaranteed under the European Convention on Human Rights. The Neighbourhood Plan has been prepared with extensive input from the community and stakeholders as set out in the accompanying Statement of Consultation. Considerable care has been taken throughout the preparation and drafting of this Plan to ensure that the views of the whole community were embraced to avoid any unintentional negative impacts on particular groups.

3.14 There was extensive consultation and engagement in identifying issues and objectives and the community has been consulted on the draft Neighbourhood Plan, as required by Regulation 14 of the Neighbourhood Planning (General) Regulations 2012. Responses have been recorded and changes have been made as per the schedule

set out in the appendices to the Statement of Consultation. The Statement of Consultation has been prepared by the Advisory Committee and meets the requirements set out in Paragraph 15 (2) of the Regulations.

4.0 Conclusion

- 4.1 The Basic Conditions as set out in Schedule 4B of the Town and Country Planning Act 1990 are considered to have been met by the Gaddesby Neighbourhood Plan.
- 4.2 The Plan has regard to national policy, will contribute towards the achievement of sustainable development, is in general conformity with the strategic policies in the Melton Local Plan 2018-2036 and meets relevant EU obligations.
- 4.3 It is therefore respectfully suggested to the Examiner that the Gaddesby Neighbourhood Plan complies with Paragraph 8(1)(a) of Schedule 4B of the Act.
