The map is not consistant with up to date known information, and should include details of where we are now if it is to be included in the plan. I dont know what the purpose of putting it in here. There is no employment land, which was put there when they thought that the road would be in the west joining up the north and south of Melton. There is a reduced amount of housing. Approved housing on the Gladmans site may have been substituted for part of the housing thats missing , and there are no details on where the road will join Leicester Road. If houses are built in the area before the EDR started, there will be mayhem on the roads in Melton and the villages!

Please describe what changes you consider necessary to make the Melton Local Plan legally compliant or sound

Bring it up to date. Let residents in the south of Melton and Burton know what's going on. There is no information, and a development as big as that should not be allowed unless there is a guarantee of Government money being grantd to finance the road to the east
