- it's not consistent with National Policy

Please provide comments for why you believe it is unsound or fails to comply with the duty to co-operate. OR If you wish to support the legal compliance or soundness of this policy, or its compliance with the duty to co-operate: (Required)

My comments and solution provided in the previous consultation (Nov 16) were not fully reported in the documents available for this consultation or commented on in the responses. All the reasons for removal of this site have been provided to MBC officers either via Local Plan consultations, planning objections or Neighbourhood Plan development meetings (see Clawson Hose and Harby Neighbourhood Plan adn supporting evidence for detailed site evaluation and community response) . Not least of these is that Historic England state in planning objections that if another more suitable site is available this should be used. LONG4 has consistently been rejected as a preferred site by the community and Melton Borough Council (MBC) have been well aware of this through the Neighbourhood Plan process. There are are other suitable sites available in the village as supported by the Focussed Changes Local Plan containing a Reserve Site LONG5. The selection of LONG4 clearly ignores the wishes of the community and their proposed alternative solution and so the Local Plan is not justified as is does not take into account the participation of local community not provide the most appropriate solution to site allocation in Long Clawson.

Please describe what changes you consider necessary to make the Melton Local Plan legally compliant or sound

Remove LONG4 and replace with LONG5 in the allocate sites list in Policy C1a. remove LONG5 from Policy C1b.
