The argument made in the submission document that the village of Somerby is a sustainable service centre, as "employment opportunities are good", this is doubtful. Based on travel to employment data collected in 2016 for the Parish council. The average distance travelled is 26.6 miles NPPF states that developments should promote sustainable transport, and be located with access to high quality public transport. The only public transport is via the second most subsidised route in the county, with less than 1% using it to get to work.

Please describe what changes you consider necessary to make the Melton Local Plan legally compliant or sound

Use valid data and apply planning guidance(NPPF) to all areas of plan.
