There is no point in building extra houses where there is not sufficient employment. Although there is employment in Long Clawson, the great majority is low paid and the pay is insufficient to purchase or rent a house in Long Clawson. Because public transport is not sufficient, it would mean that people would have to commute out of the village - completely negating what the government wants.

Please describe what changes you consider necessary to make the Melton Local Plan legally compliant or sound

Plan houses where there is employment or promote employment at the same time as housing
