6. Please give details of why you consider the Melton Local Plan: Pre-Submission Draft is not legally compliant or is unsound or fails to comply with the Duty to Co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Melton Local Plan: Pre-Submission Draft or its compliance with the Duty to Co-operate, please use this box to set out your comments. (Please continue onto a separate sheet if you require more space)

The proposed requirement for Health Impact Assessments (HIAs) to be provided as part of planning applications for major residential development is onerous and unnecessary. The impacts of allocating sites such as the NSN should be considered during the plan-making and examination process, rather than through individual applications.

Moreover, the requirement to mitigate impacts should be addressed at planning application stage, subject to a need identified by a relevant statutory consultee. Introducing the HIA as an application validation requirement creates an unnecessary burden on the Council's development management process, as well as additional cost in sourcing external advice (where officers lack the expertise in-house to review the soundness of such assessments).

7. Please set out what change(s) you consider necessary to make the Melton Local Plan: Pre-Submission Draft legally compliant or sound, having regard to the test you have identified at 5 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this change will make the Melton Local Plan: Pre-Submission Draft legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible. (Please continue onto a separate sheet if you require more space)

Recommendation

The final paragraph of Policy C9 should be removed, together with supporting paragraph 5.4.17.

Please note: Your representation should cover succinctly all the information, evidence necessary and supporting information necessary to support/justify the representation and suggested change, as there will not normally be a subsequent opportunity to make further representations based on this original representation.

After this stage, further submissions will only be at the request of the Inspector based on the matters and issues they identify at the examination.

8. Can your representation seeking a change be considered by written representations or do you consider it necessary to participate at the oral part of the examination? (Please tick the appropriate box)

Written Representations

Participate at the Oral Examination

9. If you wish to speak at the examination, please outline why you consider this to be necessary:

In order to ensure that the full case put forward on behalf of the representor can be examined in detail and to ensure that the Examination understands changes required to ensure that the plan is sound.

Please note: The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
