1. Rural hub or settlement?

In the original draft plan Gaddesby was deemed to be a "rural supporter". A rural supporter is identified by a clear scoring methodology. Attached is a copy of the scoring methodology, role and function of settlements, roles and spatial analysis together with the scores themselves taken from the Melton Local Plan Settlement Roles and Relationships of April 2015 (MLPSRR).

It will be seen that the criteria used were much more extensive and sophisticated than the four used in the latest draft plan and that Gaddesby was very much at the lower end of the rural supporter range of 10 to 20 points with 12. Why the change?

Not only therefore has Gaddesby been "upgraded" but also it is proposed to assign to Gaddesby a greater proportionate increase in housing than any other village (see 4 below).

Of the four current criteria comments are as follows:

- Primary school – agreed
- Access to employment opportunities – not agreed for the reasons set out in 8 and 9 below
- Fast broadband – not accepted – see 10 below
- Community building – agreed

Therefore Gaddesby does not enjoy the requisite three of the four criteria to qualify as a rural hub and should therefore be classed as a rural settlement. The methodology now proposed is unacceptable as being simplistic and unsound.

The criteria should include more day to day facilities in the methodology such as a food shop, GP surgery, library, post office, primary school and pub. Not many rural villages will have employment facilities, those that do should be higher up the hierarchy and receive more development, and that facilities such as a food shop and doctors surgery are just as important as broadband in reducing the need to travel. There should also be more differentiation between the settlements, perhaps a return to the Primary and Secondary Services Centres previously proposed.

2. Housing needs survey

A housing needs survey has not yet been carried out by Melton Council. Apparently the Council are to carry this out in the New Year (2017). If so how can it be said that there is a need for housing in Gaddesby?

3. Existing permissions currently un-built

The Council have taken into account the 14 permitted dwellings at GADD1 but have not taken into account the 5 houses for which permission has been granted on Ashby Road (12/00530/FUL) and the one further dwelling at The Hall (15/00826/FUL). Accordingly, in reality Gaddesby has already been allocated 6 houses which, when added to the 55 houses allocated in the draft plan, takes the total allocation to 61 new houses. This cannot be sustained or justified for the reasons set out in these representations.

4. Natural growth

At Appendix 2 of MLPSSR it will be seen that over the period 1994 to 2014 on average one new house was built in the village every year. On the assumption that this continues and additional 20 houses will be built over the life of the Plan.

5. Percentages

If one looks at paras 4.2.21 and 22 of the draft Plan it will be seen that Gaddesby has markedly higher percentage of proposed housing than any of the other

villages. There are currently 158 houses in the village itself. An increase of 61 would be a 38.6% increase and would clearly change the nature of the village. When the additional 20 houses likely to be built from "natural growth" are included, this pushes the figure up to an increase of 51.2%. The calculation by estimated population of the villages at 4.2.21 and 4.2.22 of the draft plan is unsound. It is the number of houses which is material.

6. Highways

The A607 is already a very busy road as it leads to the Hobby Horse roundabout and the A46. Both these roads are over capacity certainly. It is not unusual to be queuing from Syston/Queniborough/East Goscote all the way to the Hobby Horse. The junction between Gaddesby Lane and the A607 is very dangerous and one sometimes has to wait minutes to join the A607.

In addition, Rearsby Lane (which connects Gaddesby Lane to Ashby Road) is a busy, narrow and winding road with is already unsuitable for the existing traffic burden placed on it. If the 61 (or more) houses were built this is likely to add another 120 plus cars to the mix. This impact has not been assessed by the Plan.

7. Weight limit

There is a weight limit throughout Gaddesby of 7.5 tonnes, which demonstrates how minor the roads are into the village.

8. Buses

The suggestion that the 100 bus service can be used to get to work is incorrect. The 100 bus service runs very infrequently and does not run at all on Sundays or Bank Holidays. Gaddesby is the closest settlement in the Borough to Leicester and it is there that most people go to work rather than to Melton. We called a village meeting to discuss the plan and 74 villagers attended, when we asked for a show of hands not one indicated they work in Melton. The only suitable bus to Leicester leaves Gaddesby at 07.49 and the last bus leaves Leicester at 17:10. In other words it is impossible to use the bus to attend work full time in Leicester. Further Leicestershire County Council will review the contract next year (2017) and there is a risk that it will be withdrawn.

9. Employment

The suggestion that there is access to employment opportunities is incorrect and requires re-assessment because of the lack of public transport. There is minimal employment within Gaddesby itself.

10. Broadband

Gaddesby's phone exchange has been "upgraded" in 2016 as part of the "super-fast" Leicestershire program. It has added support for Fibre to the Cabinet broadband. There isn't a lot of choice of provider; the majority of residents are using BT.

This broadband service is sold as "up to" 56Mbps download speed, which is more than adequate for an average modern home. The actual delivered speed of writing is 20Mbps or 40% of the advertised maximum, which is the same as the pre-upgrade ADSL offering. Given this failure to perform under the existing load of the village and surrounding areas, any additional load is likely to make the service deteriorate further. Many existing residents have not yet upgraded to fibre broadband, which means that when they do, this would increase the load further thereby reducing the actual delivered speed further.

In the neighbouring village of Queniborough, the broadband speeds can be over double the delivered speed in Gaddesby.

11. The School

Only in 2014 did the school intake increase to 25 each year from 15. Years 2, 1 and reception are therefore already at capacity. The catchment area for the school includes Barsby, South Croxton, Ashby Folville and almost to Queniborough and attracts pupils from further afield. Within 4 years the school will be at capacity and therefore there is no requirement to fill spaces with new families coming into the village. Having only recently been substantially extended, it is unrealistic to suggest that the school will be capable of further expansion in the short/medium term.
