Dear James

I have spent the last couple of days going through all the representations on the neighbourhood plan, particularly on the thorny issue of the site allocations and the LGS designations. I have not at this stage discounted the need for a hearing . However to help me with my deliberations could I ask for a response to the following questions.

- 1 Has the planning consent on the Great Lane site actually been granted or is it just a resolution to grant?
2. What is the current situation regarding the planning application on the Water Lane site for 30 units? Has it been determined or is it being held in abeyance and for what reason? is it due to be determined any time soon?
3. Can I be sent either a link to or a PDF version of the Reg 14 Pre Submission version of the plan ?
4. Has the submission version of the Local Plan been prepared that incorporates the changes that were considered by the recent Council meeting at the end of September. If it has can I be sent a copy?
- 5 . Can you provide me with a pdf copy of the MBC document Areas of Separation, Settlement Fringe Sensitivity and local Green Space Study. The link on the website appears to be broken.
- 6 Are there any other significant planning applications for residential development in the neighbourhood area, either determined or under consideration, that I should be aware of ?

Please send a copy of this email to the Qualifying Body . i do not have a contact email for them and I need for them to be aware of my progress.

Kind regards

John Slater BA(Hons) DMS MRTPI
