### What 'soundness' means

The Local Plan will be examined by an independent inspector whose role is to assess whether the plan has been prepared in accordance with the Duty to Cooperate, legal and procedural requirements, and whether it is sound. A local planning authority should submit a plan for examination which it considers is "sound" – namely that it is:

- **Positively prepared** – the plan should be prepared based on a strategy which seeks to meet objectively assessed development and infrastructure requirements, including unmet requirements from neighbouring authorities where it is reasonable to do so and consistent with achieving sustainable development;
- **Justified** – the plan should be the most appropriate strategy, when considered against the reasonable alternatives, based on proportionate evidence;
- **Effective** – the plan should be deliverable over its period and based on effective joint working on cross-boundary strategic priorities; and

- **Consistent with national policy** – the plan should enable the delivery of sustainable development in accordance with the policies in the Framework.

(Please continue onto a separate sheet if you require more space)

The Focused Change includes a western extension of the proposed allocation on land at Pasture Lane/Mill Hill. Whilst the extension of the site is supported, it is considered that the proposed allocation of 65 dwellings on the site underestimates the development capacity on the site.

An Indicative plan prepared on behalf of Davidsons Developments shows the potential to deliver around 90 dwellings on the site including the provision of appropriate landscaping on the site. The Focused Change should therefore be amended to increase the development capacity on the site to 90 dwellings.

4. Please set out what change(s) you consider necessary to make the focused change legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). The Focused Change should be amended to increase the capacity on the land at Pasture Lane/Mill Hill to 90 dwellings.

Please note: Your representation should cover succinctly all the information, evidence necessary and supporting information necessary to support/justify the representation and suggested change, as there will not normally be a subsequent opportunity to make further representations based on this original representation.

After this stage, further submissions will only be at the request of the Inspector based on the matters and issues they identify at the examination.

5. Can your representation seeking a change be considered by written representations or do you consider it necessary to participate at the oral part of the examination? (Please tick the appropriate box)

Written Representations

Participate at the Oral Examination

6. If you wish to speak at the examination, please outline why you consider this to be necessary:

Davidsons Developments has an interest in land at Stathern and it is therefore important that they are represented at the Examination sessions.

*Please note: The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.*
