Relevant context to respond to the questions below

Question 1: Looking at the options above, which option do you support?

Question 1 - Option 1: No change:
Strongly disagree

Question 1 - Option 2: Refocused and simplified version [preferred option]:
Somewhat disagree

Question 2: Please use the comment box below to explain your response or provide any additional information you would like us to consider in our review of this section

Please, provide further context:

Option 2 will retain key elements including growth focussed on Melton Mowbray - MGT VIEW Growth is policy and not demand driven viz. the population is stable at 51K. This is the key element that must be revised in the Local Plan.

and the key issues are:

Improving facilities for all of the community and providing the new infrastructure needed to support our growing population - MGT VIEW Improved facilities should be focused on increasing environmental safety and social justice. New and sustainable infrastructure might be needed but not to support growth.

Addressing the causes and effects of climate change - MGT VIEW Strongly agree with addressing the causes. Must consider all aspect of environmental safety and social justice not just Net Zero

Ensure local housing meets the local communities current and future needs - MGT VIEW There is little or no need for new housing, and especially large detached homes, however the housing stock needs reallocating and repurposing to meet the specific needs, eg facilitating older people moving to appropriate accommodation and freeing up larger property of families.

Supporting a diverse, competitive and innovative rural economy - MGT VIEW in a way that increases environmental safety and social justice

Enhancing Melton Mowbray's town centre - MGT VIEW in a way that increases environmental safety and social justice; more greenery

Promoting high quality and well-designed development that helps to create healthy, sustainable, and safe communities - MGT VIEW Strongly Agree

Enhancing nature and minimising harm to the natural environment - MGT VIEW Strongly Agree

Question 3: What do you think are the most important objectives to be covered by our Vision? Please select your top 3

Question 3 - Improving facilities for all of the community and providing the new infrastructure needed to support our growing population:

Question 3 - Addressing the causes and effects of climate change:
2

Question 3 - Ensure local housing meets the local communities current and future needs:

Please, provide further context:

Review the policy to enhance wider sustainability must consider all aspect of environmental safety and social justice - not just Net Zero

Question 8: Under what circumstances do you think new homes in the borough's smallest and least sustainable settlements are justified?

Please, provide further context:

Social housing needs should be given priority; so people work in or near the settlement can actively travel to work

Question 9: Do you think criteria should be introduced to require homes built in the borough's smallest and least sustainable settlements to be built to the highest sustainability standards? If yes, what types of criteria do you think the policy should consider?

Please, provide further context:

All homes built in the borough should meet the highest sustainability standards; not just Net Zero. Ref: Doughnut Economics to stay within the envelope of environmental safety and social justice for all.
