It is evident that in preparing plan the MBC have used consultants to assess sustainability, rural character etc of Long Clawson then allocated development purely on settlement population and land forwarded for development so this plan does not comply with the NPPF guidance and is also not in the spirit of the 2011 localism act.

The Clawson In Action group provided the Melton Borough Council with a data pack which highlighted the village's lack of sustainability. The information in the data pack appears to have been totally ignored .

2.1 Soundness - Not Positively Prepared

In its preparation of the Strategy we believe that MBC has failed to objectively assess Long Clawson village, rather basing its long held views on perception rather than fact. In particular, MBC has down-played the environment setting; historical significance (two Grade 2* and fifteen Grade 2 Listed buildings; an Ancient Monument; and Conservation area); facilities and services comparative to Plan Consultation, village residents expressed their concerns about traffic, pedestrian safety, congestion and lack of parking in the village centre.

Supporting evidence has been provided in the information Pack and Clawson In Action Documents submitted to Mr J Worley in response to this consultation.

2.3 Soundness - Not Effective

Long Clawson cannot sustain the development if takes place in a short period of time and not over the 20 year period. Table 8 shows the Site Delivery Summary for the Large Scale Sites in Melton Mowbray and the obvious but unwritten conclusion from this schedule is that the majority of other sites must be developed in the first 5 years to meet the Borough 5+20% year land supply targets. As the majority of these are in rural locations this forces rapid expansion of rural villages which is neither sustainable or desirable and is out of keeping with historic rates of increase in the villages. Therefore the Melton Local Plan is unsound as the delivery schedule is not effective and has not listened to feedback from Parish Councils and residents which shows that villages are not adverse to development but that it should be phased over the whole period of the plan to allow infrastructure to adapt over time.

4 CH1Q4: Please set out what change(s) you consider necessary to make Chapter 1 legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this change will make Chapter 1 legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

lease set out what change(s) you consider necessary to make the Melton Local Plan legally compliant or sound:

- Address all infrastructure problems detailed in the submitted Data Pack and the Clawson in Action consultation response documents , include and budget for them in the MBC Local Plan, and implement them prior to any development being undertaken in Long Clawson.
- If all the infrastructure issues are addressed, and if Long Clawson housing allocation of 110 homes is accepted, the building should be evenly spread over 20 years at a rate of no more than six in any one year and tailored to local need;
- support the development of the Garden Village at Six Hills and Dalby airfield south of Melton as a sustainable alternatives to 'over-loading' all the villages in the Vale of Belvoir";
- reconsider its decision to unfairly allocate 67%, of the 35% housing allocation for villages, to villages north of the town, concentrated on the Nottinghamshire border.

Chapter 2 - Melton Borough Today – A Portrait

1 CH2Q1: Do you consider that Chapter 2 is?

2.2.3 Melton Borough is located within the Leicester and Leicestershire Housing Market Area. This recognises the relationship of the Borough with Leicester City and the rest of Leicestershire in terms of access to employment and services. However, parts of the area, e.g. Harby, Bottesford and Croxton Kerrial, relate more closely to Nottingham and Grantham.

Comment on above statement:

Out of the 1515 12 Service Centre and 7 Rural Hubs allocation of houses why are 969 of these to be built in villages north of Melton and close to the Nottinghamshire and Lincolnshire borders when the majority of Leicestershires employment is south of Melton.

The only villages to the south are Great Dalby 0 houses, Gaddesby 50 houses and Somerby 49 houses a total of 99.

To the North of Melton there is Bottesford 428, Easthorpe 19, Stathern 57, Harby 98, Hose 57, Long Clawson 127, Scalford 0, Waltham 91, Croxton Kerrial 76, Ab Kettleby 9 and Old Dalby 35. a total of 997.

The remainder East and West of Melton in Thorpe Arnold 20, Wymondham 68, Asfordby 181, Frisby on the Wreake 78 and Asfordby Hill 70. a total of 417. This is a very disproportionate split. There is only one Primary Rural Service Centre south of Melton. Long Clawson is not situated on or even near a main road.

4 CH2Q4: Please set out what change(s) you consider necessary to make Chapter 2 legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this change will make Chapter 2 legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

2.2.3 Melton Borough is located within the Leicester and Leicestershire Housing Market Area. This recognises the relationship of the Borough with Leicester City and the rest of Leicestershire in terms of access to employment and services. However, parts of the area, e.g. Harby, Bottesford and Croxton Kerrial, relate more closely to Nottingham and Grantham.

Comment on above statement:

The majority of new housing in Service Centres and Rural Hubs is North of Melton away from the areas of employment which increases travelling distances and is at odds to the NPPF climate change policy.

2.3.5 Outside Melton Mowbray, Asfordby, Bottesford, Long Clawson and Waltham on the Wolds act as the local service centres, although other larger villages, particularly to the south of the Borough, also perform a similar role.

Comment on the above statement:

These "other larger villages, particularly to the south of the Borough , also perform a similar role". Should be fully assessed for their sustainability and allocated a proportionate share of the new housing allocation so relieving the pressure on the northern Service Centres and Rural Hubs some of which could be unsustainable..

- Address all infrastructure problems detailed in the submitted Data Pack and the Clawson in Action consultation response documents , include and budget for them in the MBC Local Plan, and implement them prior to any development being undertaken in Long Clawson.
- If all the infrastructure issues are addressed, and if Long Clawson housing allocation of 110 homes is accepted, the building should be evenly spread over 20 years at a rate of no more than six in any one year and tailored to local need;
- support the development of the Garden Village at Six Hills as a sustainable alternative to 'over-loading' all the villages in the Vale of Belvoir';
- reconsider its decision to unfairly allocate 67%, of the 35% housing allocation for villages, to villages north of the town, concentrated on the Nottinghamshire border.

To the South of Melton where the majority of employment is located support the Old Dalby airfield village as a new Service centre

Note.

The issue housing development north of Melton when employment was in the south was raised by the inspector when rejecting the Melton Core Strategy (old local plan) in 2013

7 of the 12 Service Centres and 1 rural Hub are located on the borders of Nottinghamshire and Lincolnshire county borders which have been allocated 897 dwelling that is approximately 50% of the 35% allocation for rural areas. These settlements will tend to attract new residents from Nottingham and Grantham area which will reduce the benefit to the borough of Melton. South of Melton where the majority of employment is located has only 2 Service Centres and 1 Rural Hub which have been allocated 167 dwelling in total approximately 9% of the 35% allocation for rural areas. This will increase the need to travel from the Northern edges of the borough through Melton to employment South in Melton and Leicester. This proposed distribution is at odds to the NPPF which seeks to reduce the need to travel in the interest of preventing climate change.

The Clawson Action group provided the Melton Borough Council a data pack which highlighted the village's lack of sustainability. The information in the data pack appears to have been totally ignored in producing the Local Plan and no response by the MBC has been received.

Give priority and support a new Service Centres South of Melton at the Dalby airfield 1000 dwelling and the Garden Village of 2000-3000 dwellings at Six Hills.

The Six Hills village is next to the A46 which connects to all the major routes in the UK and local area of employment South and North of Leicestershire.

It could support a doctors, surgery, primary school, pub and store.

If built in a responsible way the housing could have very high environmental credentials by using electrically powered ground or air source heat recovery systems and roof solar panels. The Ecotricity wind and solar farms are next to the site along with the biomass plant 3.5 miles away which could supply nearly all electrical power required allowing the houses to be totally electrically powered this would offset the present transmission losses that these renewable energy supplies are suffer at present due to their remote load centre connections.

Delay the plan and reassess the housing allocation based on inclusion of Six Hill and Dalby airfield site

According to a latest report the borough can now provide evidence of a 5+20% year deliverable housing supply. The data provided within the report shows that the development sites in Long Clawson are not included in the first 5 years. so no planning application should be approved until the village's infrastructure and education issues are resolved.

Small-scale Unallocated Development

Outside of those sites allocated through the Local Plan, planning permission will be granted for small scale development of up to:

· 10 dwellings in Service Centres,

With the latest NPPF rule changes this will allow development of numerous sites within a village of 10 dwellings without 106 contributions and affordable housing allocations.

Development of primary service centres and rural hubs dwelling allocations should be spread over the full 20 year period of the plan and be continually monitored to ensure that the settlements are not swamped with their full allocations being built within the first few years of the plan which would be contrary to the NPPF guidance.
