Although the plan is sound for the service centre identification in the North of the borough the criteria used fail in the south of the borough as it has identified only one service centre. This results in major development being proposed in one village whilst villages of a similar size are and able to develop sustainably.

4 CH3Q4: Please set out what change(s) you consider necessary to make Chapter 3 legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this change will make Chapter 3 legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

lease set out what change(s) you consider necessary to make the Melton Local Plan legally compliant or sound:

Reviewing the criteria used to identify villages for sustainable development, that is developments of more than three or four houses. Just because a village does not have a school does not render it unsustainable especially if there are other services such as public transport to towns and cities.

If you wish to support the legal compliance or soundness of Chapter 4 or its compliance with the Duty to Co-operate, please use this box to set out your comments.

Please insert text here. :

The criteria used to identify service centres and rural hubs for the south of the borough is unsound. In a similar way the distance between a village and its service centre or rural hub is too short.

4 CH4Q4: Please set out what change(s) you consider necessary to make Chapter 4 legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this change will make Chapter 4 legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

lease set out what change(s) you consider necessary to make the Melton Local Plan legally compliant or sound:

Make the criteria for identifying service centres and rural hubs more flexible. The inclusion of a primary school for a rural hub is too rigid other criteria such as public transport links should be considered.

A review of the distance between service centres and the villages adjacent to them should be similar to the distance used for those villages out-lying Melton Mowbray itself.
