Subject: FW: 22/00537/FUL-Fields OS 6700 6722 And 5200 Muston Lane Easthorpe

Good Afternoon,

LCC Forestry have reviewed the submitted planning documentation and raise no objections, however the following comment should be noted;

- Further details, including size, species and number, of the 'occasional' specimen trees to be grown within the perimeter hedgerows should, be submitted with the full landscaping and hedgerow planting specifications. Bolster planting to existing hedgerows presents an opportunity to introduce specimen trees in locations unlikely to affect the Solar PV panels.
- Full specifications for tree, shrub and hedgerow planting across the site should be requested by way of condition, for consideration should the application be approved.

Kind regards,

Henry Pearson, BSc (Hons), MArborA, PTI
