There are a number of neighbourhood plans being developed within the borough that should dovetail into the local plan. The draft NP's have not been reflected in the draft local plan in the identification of potential development sites

4 CH1Q4: Please set out what change(s) you consider necessary to make Chapter 1 legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is

incapable of modification at examination). You will need to say why this change will make Chapter 1 legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

lease set out what change(s) you consider necessary to make the Melton Local Plan legally compliant or sound:

There should be consultation with the draft NP's to reflect a consensus of local opinion that meets the councils requirements and doesn't destroy the historic environment

Putting such a large number of houses in the villages which don't have employment opportunities impacts adversely on the desire to reduce traffic movements. Putting development into villages without primary schools that can accept more pupils creates more traffic movements. The proposed plan does not build on what the borough has but tries to fundamentally change it. Large centres of employment like Nottingham, Leicester and Grantham will always beat Melton Mowbray. It is a market town with a strong emphasis on food production or manufacture. It is highly dependent on low wage workers who don't want to live in villages but prefer to be in the cities, served by the normal city benefits .

Having a primary school maybe a requirement of the local centres but a primary school that cannot take more children and or cannot expand further, effectively means that community cannot encourage development that will bring more primary school age children into that community as they will have to be bussed or moved by vehicle outside the village

A sustainable community must have all four of the identified criteria, which makes sense, however, having a primary school that is full and incapable of expansion on its current site renders it as NOT having that facility. Therefore in the case of Long Clawson it cannot be designated a sustainable community

The council have not identified the criteria that turn a sustainable community into an unsustainable one when they have overloaded the facilities within that community.

There are too many houses proposed for the rural areas vs the town. Settlements without all the facilities are going to die as development is not proposed. Melton needs a bypass and this can be helped by having more development associated with the edges of the town rather than rural communities

Of course employment opportunities should be encouraged but the plan does not take into account the upgrading of the infrastructure required to service any increase

Long clawson and Old dalby are prime examples. Current roads are inadequate to cope with the associated HGV movements. Old Dalby needs a road from the back of the industrial park up to the old "salt road" to significantly reduce the lorry movements in Nether Broughton.

The less than 2 lane carriageway at the junction of Melton Rd and Hickling lane in Long Clawson is a bottle neck for HGV movements from the Dairy and the Brinvale/ White site. There should be traffic calming measures within the village of Long Clawson to ensure 40ft vehicles do not transit the village, thus destroying kerbsides and mounting pathways, used by school children

Examination

1 EXQ1: Can your representation seeking a change be considered by written representations or do you consider it necessary to participate at the oral part of the examination?

Written Representations

If you wish to speak at examination, please outline why you consider this to be necessary::

Asking respondents to comment on the legal validity of the various sections is not a question for the lay person to answer. How can anyone other than a planning lawyer give a worthwhile answer to that question. I believe the fundamental consultation process has been undertaken in such a way as to be as complicated as it can whilst allowing the absolute minimum time for the consultation to take place

2 EXQ2: Moreover please indicate if you wish to continue to be involved in the Local Plan (Please tick appropriate boxes).

If you wish to be notified at the address/e-mail provided when the Melton Local Plan is submitted to the Secretary of State for Communities & Local Government, If you wish to be notified at the address/e-mail provided when the Inspector's Report is available to view, If you wish to be notified at the address/e-mail provided in Part A when the Melton Local Plan is adopted, If you/your organisation wish to be included in future consultations on the Melton Local Plan
