We agree with the total house allocation for Waltham and Thorpe Arnold. However the emerging Neighborhood Plan will demonstrate different site preferences. The preferences were established using a methodology based on NPPF criteria and are illustrated by document 'WOTWATA Site Assessment Summary' (to be emailed separately).

These preferences were in general supported by parishioners who responded through the recent consultation sessions (reference report '16-11 WOTWATA Consultation Report' to be emailed separately).

Please note we are emailing all referenced documents to Mr Worley Head of Regulatory Services as we were unable to upload them here.

We request that the Local Plan choices reflect the views of local people as expressed in the emerging Neighbourhood Plan.

The reserve site at WAL3, Land East of Melton Road (No planning ref) for 168 units should be deleted from Policy C2 (B) section 5.4.8 of the LP draft as it is not suitable as an allocation for housing development.

The sustainable site assessment completed by YourLocale in conjunction with the local community (to be emailed separately) is included in this response as evidence to justify the removal of the site WAL3 as a reserve site for residential development. The site is not environmentally or socially sustainable and is not supported by the local community, as proven at recent consultation events on the Neighbourhood Plan.

This reserve site at WAL3 should be deleted from table 5.4.8 as the location does not meet the sustainability criteria contained in the National Planning Policy Framework. Specifically, in terms of not meeting environmental sustainability criteria and in failing to pass the drainage/flooding sequential tests that are required by the legislation.

Allocating WAL3 as a reserve site is not the most appropriate strategy under policy SS2 and policy SS3. More sustainable locations exist in the Parish to the North of Mere Road (Site 6 in the referenced Consultation Report), this location should easily yield the required residual 20 units.

Waltham:

The reserve site at WAL3, Land East of Melton Road (No planning ref) for 168 units should be deleted from Policy C2 (B) section 5.4.8 of the LP draft as it is not suitable as an allocation for housing development.

Thorpe Arnold:

The Local Plan consultation draft supports the designation of one site for residential development and a second site as a reserve site for residential development. The allocated site is the land off the South East of Thorpe Road (A607) SHLAA Reference MBC/160/15 no Planning Reference (i.e. no application received) for 27 units. The map in Appendix 1 is incorrect, showing the designated land area as including a portion of land owned by the Church. Hence the area is overstated together with the potential number of dwellings.

The second (reserve) site is land to the North West of Thorpe Road (A607) SHLAA Reference MBC/161/15) for 48 units. This should be removed from the as it splits the tenant farmer's building from the land and is not considered suitable by the majority of villagers (see 16-11 WOTWATA Consultation Report)
